Bochum International Seminar on the Transformation of Urban Spaces (BISTUS VII)

Transforming Urban Green Space

- Time: 15-19 June 2020, 17.00 - 20.00 hrs
- Room: RUB IA 1/123 (Mon, Tue, Thu), IA 1/117 (Wed, Fri)
- Interdisciplinary seminar for Master and PhD students, 6 CP
- Registration closing 31 March, 2020. Places will be allocated on a first come, first serve basis.
- Please contact matthias.kiese@rub.de stating name, matriculation number, and study program.

Learning outcomes

1) Identify different types of urban green space
2) Understand how urban green spaces are planned, built and managed
3) Consider the key benefits and challenges of urban greening
4) Explore how local-scale approaches to urban green space can have global-scale impacts
5) Formulate your own ideas for how urban green space can contribute to transformative change

Lecturer: Dr Carla-Leanne Washbourne
Department of Science, Technology, Engineering and Public Policy
University College London, UK
